

CAFCC EDUCATION FOUNDATION ACCREDITATION SCHOLARSHIP

NAFCC ACCREDITATION

Funding for NAFCC Accreditation

The Boulder County Family Child Care Association has graciously donated \$2,000 to CAFCC to be used specifically by its members to obtain and/or renew their NAFCC Accreditation. A CAFCC Accreditation Scholarship Fund has been set up by the Education Foundation and is now available to CAFCC members who are interested in completing and receiving a NAFCC Accreditation.

Fees for NAFCC Accreditation are roughly \$300 for the Self-Study Enrollment, \$500 for the Application, and \$150 for Annual Renewal (rates are based on NAFCC membership only). CAFCC Accreditation Scholarship Funds is for members who are seriously interested in becoming NAFCC Accredited or renewing their NAFCC Accreditation. Funds are not intended to fully fund any one Accreditation, but rather help its members begin the process.

What is NAFCC Accreditation?

Accreditation is a process many different industries use to identify exemplary practices in that particular field. Accreditation is both a status and a process. As a status, accreditation provides public notification that an institution or program meets standards of quality set forth by an accrediting agency. As a process, accreditation reflects the fact that in achieving recognition by the accrediting agency, the institution or program is committed to self-study and external review by one's peers in seeking not only to meet standards but to continuously seek ways in which to enhance the quality of the services provided.

NAFCC sponsors the only nationally recognized accreditation system, designed specifically for family child care providers. This system was designed by hundreds of providers, parents, and early care and education experts in an effort to create a quality indicator for family child care programs across the country.

NAFCC Accreditation is recognized as the highest indicator that a family child care program is a quality environment. In states where Quality Rating Systems have been implemented, NAFCC Accreditation is often the "top" level in the rating system.

NAFCC Accreditation is awarded to family child care providers who meet the eligibility requirements and the Quality Standards for NAFCC Accreditation. Accreditation reflects a high level of quality through a process that examines all aspects of the family child care program, i.e. relationships, the environment, developmental learning activities, safety and health, and professional and business practices. Once family child care providers become accredited, they agree to abide by the standards set forth and to be measured against those standards, with periodic integrity and compliance reviews. There are over 2100 NAFCC Accredited providers throughout the United States and in other locations worldwide where military family child care professionals operate.

How does one go about receiving a NAFCC Accreditation?

When candidates believe they have made the necessary professional development and quality improvements, they demonstrate their commitment to completing the process when they submit the Accreditation Application. Upon receipt of the application, NAFCC assesses candidate eligibility for completing the accreditation process. Candidates should submit an application only if they are ready for an observation.

How to Apply for Accreditation

Candidates must have enrolled in self-study to apply for accreditation. Candidates must meet all eligibility requirements and submit an application with all applicable documents in order for NAFCC to verify eligibility. If candidates are applying as co-providers, they must each meet the eligibility criteria. Co-providers will submit one application, which includes required information for both candidates.
